Bad Girl Appeal

Bad Girl Tarot and Bad Girl Oracle stand apart from other decks based on three factors.

01

Femme-powered images

All artwork is centered on femme identities, including traditionally masculine cards like Kings and Knights. Art emphasizes diversity and inclusivity.

02

Oversized design

Each deck is designed to be 30% larger than standard tarot and oracle decks, setting them apart on shelves. Card stock is smooth to the touch and highly durable.

03

Eye catching characters

Bold character design and psychedelic colors appeal to readers of all ages and make readings exciting.
